## **Examination Regulations November 23rd 2011**

### **§ 7 Graduation**

(1) The prerequisites for a conferral of a university degree is that the requisite accomplishments stated in § 4 paragraph 1 of these regulations in combination with § 4 of the study regulations are to be proven. The application for conferral of a university degree must be accompanied by the relevant documentation. The relevant examining board will make a decision on the application.

(2) The university degree will not be awarded as long as the student has not completed his or her academic records for the same degree program, or for a module which is comparable or identical to one of the modules studied in the Master's degree program and which is taken into account for determining the final grade, or if he or she has failed to pass examinations, or if he or she still has outstanding examinations at another institution of higher education.

(3) The application for determining the conferral of the university degree shall be accompanied by evidence that the prerequisites as detailed in paragraph 1 exist, and by an assurance that none of the cases in paragraph 2 apply to the applicant. The relevant examining board will make a decision on the application.

(4) Based on the examination passed, the student will receive certificates (Appendices 2 and 3) as well as a Diploma Supplement. Furthermore, a supplement to the certificate (Transcript) detailing individual modules and their components will also be issued. Upon application English versions of certificates will be issued.

### **§ 4 Scope of Performance**

(1) A total of 120 credit points must be earned for examination and study work, of which 30 credit points are given for the Master's thesis.

(2) Information pertaining to the examinations which are attached to individual modules, the admission requirements for individual modules, obligations to regularly attend teaching and types of learning, as well as the credit points assigned to each module can be found in the Appendix 1.
