Examination Regulations for Bioinformatics 06/02/2010 (Official Register 32/2010, 08/05/2010)

§ 7 Registration for the Conferral of a University Degree

The following documents must be attached to the registration for conferral of a university degree when applying to the examining board responsible for the Bachelor's degree program in Bioinformatics:

1. Proof of enrollment at Freie Universität Berlin for the Bachelor's degree program in Bioinformatics in the two semesters preceding the application; in legitimate well-founded exceptional cases, the examining board may waive the submission of proof;
2. A declaration that the student has not completed his or her academic records for the same degree program, for the same subject, or for a module which is comparable to one of the modules studied in the Bachelor's degree program in Bioinformatics, or that he or she has failed to pass examinations, or that he or she has outstanding examinations at another institution of higher education;
3. Proof of requisite attainments in accordance with § 4 paragraph 1.

The appropriate examining board will decide upon the registration for the conferral of a university degree.

§ 4 Scope of Examination and Study Attainments

(1) In total there are 180 credit points that must be demonstrated have been attained, namely

1. 150 credit points for the core subject and
2. 30 credit points for general vocational preparation.

(2) Of the 150 credit points earned in the core subject, 11 credit points will be allotted to the Bachelor's thesis and 3 credit points to the oral examination.
